

Changing Radiators

 **YORKSHIRE
RADIATORS**
HARROGATE LTD

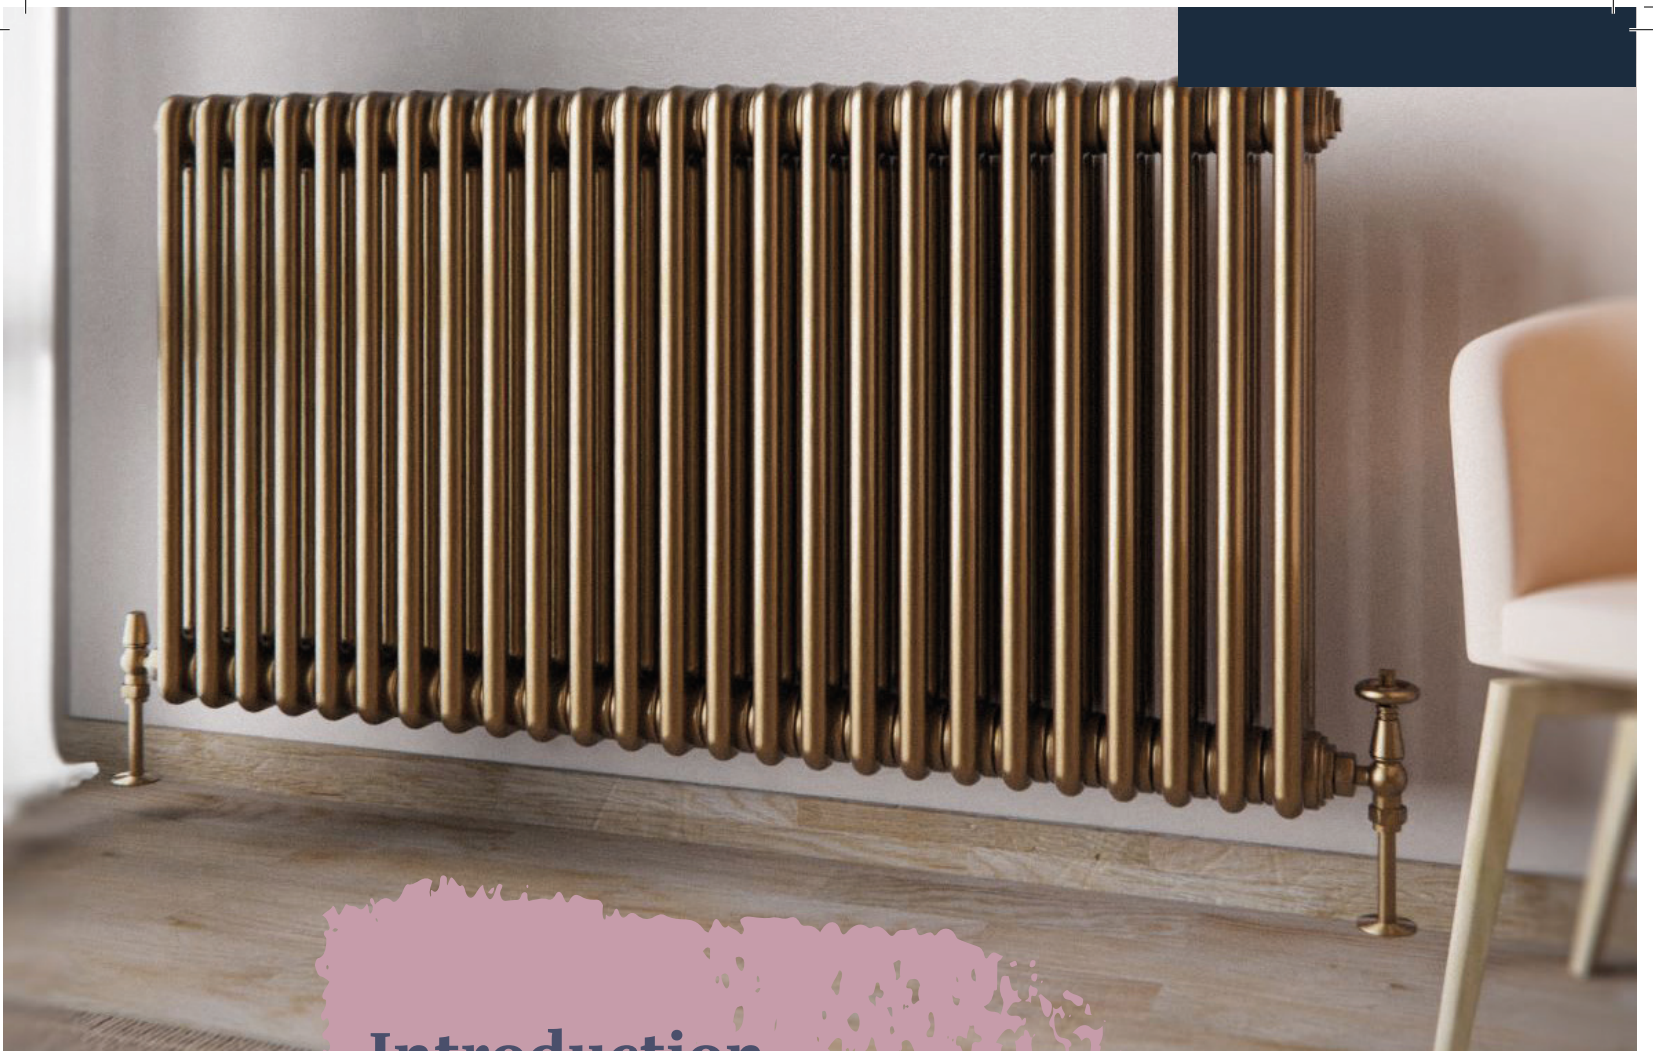

RADIATORS THAT *INSPIRE* DESIGN

Hello & Welcome

We're thrilled to introduce you to a new way of thinking about radiators. At **Yorkshire Radiators**, we believe radiators should be more than just functional—they should be beautiful. Developed with interior designers in mind, our bespoke coloured radiators offer endless possibilities to elevate your spaces. Whether you're creating a bold statement or a subtle accent, our customisable options ensure your vision comes to life.

Explore our collection, discover the possibilities and let's transform heating into a design feature together.

Introduction

Say goodbye to standard white radiators and embrace a world of creative possibilities. We believe radiators should enhance a room, not simply fade into the background.

Whether you're designing sleek, modern spaces, or charming classic interiors, our bespoke radiators are available in a stunning spectrum of colours to perfectly match your vision.

With a variety of styles to choose from, including vertical and

horizontal designs, minimalist contemporary options and intricate traditional models, there's something to complement every aesthetic. Why settle for ordinary when you can create something extraordinary?

Design without limits.

**“Color is a power
which directly
influences the soul.”**

– Wassily Kandinsky

The Process

Simple, Streamlined, Seamless

From concept to completion, we've designed our process to ensure your bespoke radiators fit perfectly into your project. It all starts with collaboration—understanding your needs, selecting the ideal style and choosing custom colours and fittings that align with your vision.

Design & Planning

We understand your design vision and will help you to select the perfect style, colour and fittings for your project.

Production

Skilled craftsmanship and quality materials bring your design to life.

Delivery

With our fast turnaround times, your radiators will be manufactured and delivered promptly delivered ready for installation.

After Sales

We are always on hand to provide support and ensure complete satisfaction.

Design, Delivered Quickly

With our fast turnaround times, your radiators are promptly delivered, ready to enhance your space. We value long-term partnerships and as such our after sales support is always available to assist with any questions or adjustments.

Your Colour, Your Choice

Elevate your interior designs with radiators that fit your vision perfectly. With our **bespoke colour options**, the possibilities are truly limitless. Choose from an extensive palette of carefully curated shades, designed to complement any interior, from bold and vibrant hues to soft, understated tones.

Have a specific colour in mind?

Provide your custom shade and we'll craft radiators and fittings that align flawlessly with your scheme ensuring every detail contributes to your design story.

We believe radiators should enhance, not detract, from the aesthetic of a room. We make it easy to tailor every aspect, creating pieces that blend harmoniously or stand out as a striking feature.

Let colour become the bridge between utility and artistry—because when it's your design, it deserves to be just right.

Art black

“I found I could say things with color and shapes that I couldn’t say any other way – things I had no words for.”

– Georgia O’Keeffe

RADIATORS THAT *INSPIRE* DESIGN

A Style for Every Space

From vertical to horizontal designs and sleek minimalist options to ornate classics, our range ensures you'll find the ideal radiator for every project.

Details Matter

No detail is overlooked in creating your perfect radiator. Custom coloured 'fixing brackets, air bleed valves and valves complete the look, giving your design a cohesive finish.

Tailored for Professionals

Our radiators are produced with interior designers in mind. Elevate your client projects by incorporating our beautiful radiators to enhance and complement every room.

Find Your Perfect Radiator

A Simple Guide to Measuring and Choosing

Choosing the right radiator for your space is easier than you think with our bespoke options.

Follow these simple steps to ensure the perfect fit:

Understand Your Wall Type

Consider the strength and material of your wall.

Heavier radiators require sturdy walls or additional support.

Check Pipe Positions

Identify where the pipes connect to your heating system—whether they run along the wall or floor. This will influence the size and style of radiator that fits best.

Measure with Precision

Accurately measure the width between the pipes (pipe to pipe) and the current radiator dimensions. These measurements ensure your new radiator aligns perfectly.

With our customisable styles and a wide range of colours, you can create a radiator that's both functional and stylish.

Need help? Our team is here to assist every step of the way.

“Color! What a deep and mysterious language, the language of dreams.”

– Paul Gauguin

RADIATORS THAT *INSPIRE* DESIGN

Discover Your Ideal Style

With so many stunning styles to choose from, whether you prefer sleek modern designs, timeless traditional charm, or practical solutions for specific spaces, our range has something to suit every taste and need.

Explore our collection and discover a radiator that complements your style and delivers the warmth you deserve.

Modern Flat Radiators

Sleek and contemporary, these radiators offer a minimalist design that complements modern interiors. Perfect for understated elegance with efficient heat output.

Traditional Column Radiators

A timeless classic, these radiators bring charm and character to any space. Ideal for period homes or those looking for a touch of vintage sophistication.

Towel Rails

Stylish and practical, these radiators keep your towels warm and your bathroom cosy. Available in a variety of designs to suit any bathroom aesthetic.

Electric Radiators

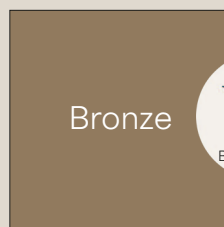

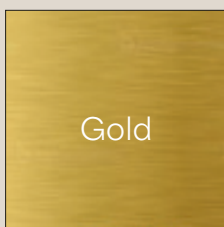

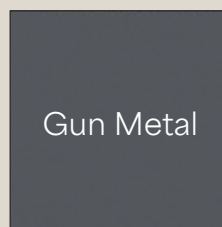

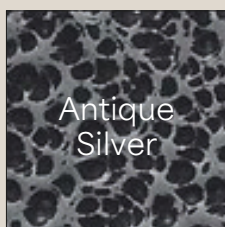

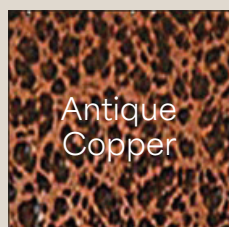

Effortless and energy-efficient, electric radiators provide flexible heating options. Ideal for spaces without central heating or as a supplementary heat source.

Colour Your Space

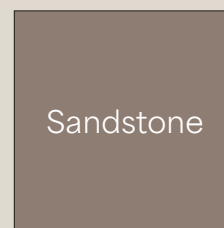

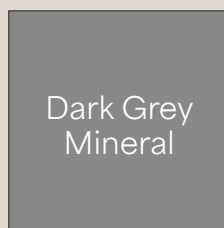

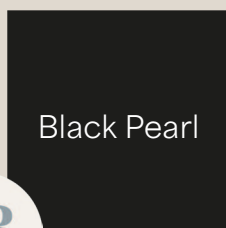

Radiators in Every Shade

Choose from a wide range of stunning colours, including custom RAL shades, to perfectly match your décor and bring your vision to life. (Colour swatches available on request.)
